

## Translation

To Discover our hidden flaws, it is important to see what our enemies say to us. Our friends often praise us to our heart's content.

First, they do not see our flaw as flaws, or else they hold our sake so dear that they hide them with the thought of not hurting us or ignore our flaws.

Against all this, our enemy gropes us well and finds our faults from every corner. Although, he

magnifies a small thing by enmity, but there is some

truth in it. Friend always

increase the virtues of their

friends and enemies always

find flaws. Therefore, we

should be more kind to our

no. 1/2017

Enemy who informs us to our  
present and in this context,  
enemy proves to be better  
than friend.
