Middle East conflict impact on Pakistan:

The ongoing conflict in the Middle East, between the Israel and Palestine has some impact on Pakistan. Beyond the social and cultural implications it has economic implications too.

Keeping in view ~~the~~ fragile economic situation, the ongoing outrage in Pakistan and its anti western sentiments can impact Pakistan economy. Pakistan economic ~~complete~~ stability ^{ies} ~~completely~~ rely on IMF and World Bank,

eventhough middle East and china can help but not ^{much} as IMF and the world bank. The outrages in Pakistan against the Israel and its allies supporters ~~from~~ interest,

may annoyed them. Pakistan had also ^{sentence structure} history of Direct Foreign Investment (DFI) with foreign,

The conflict may also have negative impact on it.
