c) - Society influence in decision making for choosing profession.

d) - Discrimination and limitation of professions.

Irrelevant.
This is very general in how patriarchy shapes individual.
This does not specifically relate to "Boys will be Boys"

elaborate

The phrase "Boys will be boys" is used to dismiss or excuse certain behaviors exhibited by boys or men, especially if these behaviors are considered stereotypically masculine or impulsive. It implies that certain actions, often those that might be seen as mischievous, aggressive, or unruly, are inherent to boys and should be accepted as natural or unavoidable.

Your outline does not convey this: it just talks about societal gender based stereotypes.

for boys and girls
d) - Association of states with certain
professions for boys
