Topic
Children must be taught, how to think, not what to think.
think's not what to think.
Outline
1) Pritroduction children
mess Statement: leaching how to
think instead of what to think is fundamental to the development
5 Jundamental to the development
of critical thinking ability.
However, use of conventional methods
create numerous obstacles in realiza-
tion of this goal · Still, it can be
everioned by adaption of
advanced teaching and learning
techniques.
