- ① Non-traditional Security ^{treats} ~~threats~~ ⁱⁿ Pakistan: role violent non-state actors

Non-traditional Security threat in Specials Specials as like Pakistan
undevelopments ~~Country~~ Country:

Non-traditional Security threats in Pakistan. Specified involving a non-state actors have been significant concern. These threats ~~that~~ include.

- 1) **Terrorism:** Now days Pakistan has faced terrorism from different kinds as like extremist groups, including the TTP which has always to point out innocent civilians, security forces, and government institutions.
- 2) **Insurgency:** The another most important threats which Pakistan has faced today. Baloch separatist groups, such as the Balochistan Liberation Army have engaged in acts of ~~to~~ violence and insurgency in the provinces of Balochistan.
- 3) **Sectarian ~~to~~ violence.** The another threats.

which has forced out Pakistan that this
Sectarian groups like Lashkar-e-Jhangvi
have targeted religious minorities, and this
type of threats creates religious tensions
and insecurity of whole country.

Drug Trafficking: The most threats which
has engulfed Pakistan, the Afghan-Pakistan
border is a major route for drug
trafficking, leading to issue related to drug
abuse and organized crime.

Cyber Security

Cybersecurity: The Non-State actors engage
in cybersecurity cyberattacks which create
threats to national security and economic
instability.

(6) Transnational Crime: The further
threats which has overwhelmed Pakistan that
this Transnational Crime. Criminal networks
involved in human trafficking, smuggling, and
illegal arms trade pose a threat to national
security.

6 **Border Insecurity**, This is another important threat from the non-state actor which has factored Pakistan Today. This border in Security Special Specials from the Sides of Afghan and Indian borders issue Pakistan's porous border with ~~India~~ ~~Afghanistan~~ and ~~India~~ India have created vulnerabilities to the movement of illegal goods, weapons, and militants

8 **Environment**

9 **Environment**

9) **Environmental Challenges**: Nowdays another threats that Pakistan is deep in environmental challenges as like Climate Changes, water scarcity, and natural disasters can contribute contribute to instability, affecting the livelihoods of people

Conclusion: Addressing Addressing these non-traditional Security threats in Pakistan requires a multi multi-faced approach, involving law enforcement, intelligence agencies

diplomatic efforts, and Socio-economic development initiatives. Additionally, international cooperation is important role to counteract these threats effectively.
