Western media's biasness is exacer-  
bating day by day towards Israelis?  
? They have become the backbone  
of Israel. The key reason behind  
it is hypocrisy which they have  
been doing for many centuries. They  
give little? coverage to Israel bru-  
tality, whereas ~~they~~ extremely high-  
lighting ~~the~~ every small act of Hamas.  
In last four to five days, plenty of  
Palestinians have been killed by in  
Israel airstrikes. SP According to UNICEF?  
report, hundreds of children have  
been killed in the Israeli airstrikes, SP  
and overall casualties have reached  
Three thousands. These tragedies SP  
seem to be ignored by western  
media. Some channels want to high-  
light the other side but have been  
banned, such as America TV Network.  
To sum up, the hypocrisy and  
biasness are being elevated by  
western media.
