

Essay - How intellectual ability is neglected in our education system.

Headings should be logical and expansive

Sub-Heading: Trend of getting marks.

Topic Sentence One of <sup>The</sup> flaws in our education system is trend of getting marks.

Need to work on written expression - write complete sentences

Exploratory Sentence Students do not put elbows in learning, they sink elbows into Black hole of getting marks, because system design is in such a way.

read at least a couple research articles about the topic for gathering evidence before writing the paragraph. The surest way to improvement is; practice. write a paragraph on topic sentence: Pakistan's education system is grades-oriented rather than conceptual learning.

Support System produces degree graduates but not skilled graduates.

Example 2000-25000 <sup>are added</sup> engineering and IT graduates annually, only 10% participate in workshops annually due to lack in technical, critical thinking and English proficiency (WRS, 2023).

In Pakistan?

Conclusion Thus intellectual ability <sup>is</sup> neglected in the race of achieving marks.
