

Paragraph Writing

~~We are the last generation to read books~~

Some people hold the opinion, ~~that~~ ^{not} this is the last generation to read books ~~that~~ ^{but it} is a flawed argument. This is not the last generation to read books because book reading ~~remains~~ ^{continue} until a reader lives. And every generation has its own readers. The readers know the importance of book reading. Book reading develops mental and emotional health; it gives knowledge and lessons of life. It illuminates imagination and ~~enhances~~ ^{enhances} creative ability. It helps to understand the world better. It makes possible to apprehend political, social, religious and economic systems of the nations. History ~~witnesses~~ ^{witnesses} that a book can bring revolution in a nation. So, the significance of book reading can not be ignored. On the contrary, if a man, society or nation does ~~not~~ ^{not} give importance to book reading, it will face consequences. Although, there are some hurdles like too much use of digital technology that hinder book reading, it ~~will remain~~ ^{will} continue either online or traditional ways. Therefore, ~~this~~ ^{this} is not the last generation to read books.
