

Paragraph

Usually, there is disintegration among people of the same nation. This happens because of the cultural norms. As in our country, Pakistan, there are variety of cultures:

these are not cultures

Sindhi, Balochi, Punjabi, and Pashtun. So, the people of these cultures have different values, norms, and ideologies. When these people supposed to live together, they try to dominate their culture. By putting everyone wants to highlight its rituals, norms etc.

when these people live together they try to dominate each other due to cultural differences

write a sentence with a complete clear meaning
basic grammar is weak too
