Sub-Heading: Negative effect of social media on Youth.

Topic -
sentence

There are multiple negative effects of social media on youth, social isolation is one of them.

Explanatory
OR

Reasoning
sentence

The main reason of social isolation due to social media is that youth avoids face-to-face interactions and prefer to link with society through social media networks.

Supporting
Point

In this era of social media, 3.5 billion people use social media in which ^{about} 90% of youth spend most of their time on social media platform that leads

Date: _____

Evidence

them towards social-isolation.
American Journal of Preventive Medicine found that young adults with high social media use (SMU) seem to feel more socially isolated than their counterparts with lower social media use (SMU).

Concluding Sentence

This shows that social media has negative effects on youth that causes social isolation due to lack of social-connectedness that we need.
