Academic Paragraph Structure

Topic: Nuclear challenge to world peace during 21st century.

Topic * Nuclear programs are serious threat to global peace and security.

Explanation * In 21st century more and more countries are trying to get nuclear weaponry because they feel insecure.

Supporting * Nuclear Arsenal are considered as safety measures but on the other hand these are also harmful.

Example * Recently Saudi Arabia is collaborating with China in order to establish a nuclear power plant near the border with Qatar and United Arab Emirates (Aljazeera, Saudi Arabia considering Chinese bid to build nuclear plant, Aug 2023).

Supporting * There are many other countries one of them is North Korea who is constantly working to enhance its nuclear capability.

Example * North Korea is estimated to have approximately 45 to 55 Nuclear warheads as January 2022 (Keley Davenport, Nuclear weapons, June 2023).

Concluding sentence * Therefore Nuclear weaponry is a serious threat to global peace in 21st century.
