Crack-down of Military Forces on Foreign exchange currency:

Crackdown was launched by military forces on foreign currency. The dollar and rest of other foreign currencies' weight ^{or value} are rising day by day because there is mismanagement and illegal foreign currencies' trader ^{federal investigation authority} smuggling of it in Pakistan. FIA has taken strict action against illegal and unlicensed currency shops, and hundi. Recently, in Nowshera KP, two illicit currency traders were arrested by FIA with 10.37 millions Rupees which were also out of tax; (Dawn, 9, 2023).

As a result, foreign currencies' weight or value have alarmingly reduced. For instance, few days ago, Dollar rate was 325 as compare to Rupee, whereas today, dollar rate is 307. Hence, military forces have started crackdown on foreign currencies.
