

Sub-heading: Nuclear challenges to world peace during 21st century.

Word count: 118

Topic Sentence	Nuclear weapons are the most dangerous weapons on Earth and have become a challenge to world peace during 21 st century.
Reason or explanation	A single weapon can destroy a whole city, potentially killing millions of people and jeopardizing the natural environment and lives of future generations.
Supporting point	The radio active material present in the nuclear weapons has long-term catastrophic effects.
Evidence	Today's nuclear war capabilities would have devastating impacts on Earth. For instance, the smoke and soot from nuclear explosions would block out sun resulting in worldwide crop failure, plunging global temperature and sea ice expansion resulting in "Nuclear Little ice age", that could last up to thousand of years. (LSU, How nuclear war would affect Earth Today, July 2022).
Concluding Sentence	Hence, nuclear weapons are a threat to world Peace.
