

Poverty is the social issue of Pakistan. especially, after covid-19, the poverty ration was increased. In Covid-19 mostly people became unemployed. Due to poverty a person cannot provide basic needs to his own children. It is the evil of society. Unlimited population also goes to poverty; because, the government cannot give the resources. In Pakistan, mostly people have no homes. In 2022, due to flood, million of people have become homeless. The richer will be rich and the poor will be poor. The government should make a such policy. which provide education to every male and female. It gives job opportunities to the people; However the unemployment will be decreased. Every person cannot be deprived of basic needs and resources. In this way, the poverty will be finished.
