Topic Sentence	Nuclear proliferation is the greatest threat to world peace among multiple nuclear challenges faced in the 21 st century.
Explanatory or Reasoning sentence	This is because the spread of nuclear weapons to more countries or non-state actors increases the risk of nuclear conflict.
Supporting Point (1)	Many countries are in pursuit of nuclear weapons and the acquisition of such dangerous weapons are posing an existential threat to global peace and security.
Example (1)	At the start of 2021, nine states —the US, UK, France, China, India, Pakistan, Israel and North Korea possessed approx. 13080 nuclear weapons. (SIPRI, Armaments Disarmament and International Security, 2021)
SP 2 (optional)	
Ex 2 (to be written if SP2 is given)	
Concluding Sentence	Hence, if nuclear proliferation continues it won't be long before the 21 st century witnesses massive destruction and war.
