Laziness! Blessing in Disguise

The one who remains busy everytime without knowing the demands of that time are responsible for all bad things happening around. Similarly, ~~devil donot likes to be free~~ devil neither likes himself nor other to be free for ^{even} a short time. Author like others, admits that world is in disorganized form; However, he believes that Laziness is not responsible for it, but over efficiency. Most of world's energy is being wrongly used like if in July 1914, everybody ~~at~~ had decided to enjoy beautiful weather instead of kept sitting for their work then we would have been in a better state as compared to what we are now. Presently, state can play such role by allowing citizens to be free and relenquish laziness as a crime. Furthermore, relegious scholars hold meetings but evil within minds donot let them think - positively. So, instead of talking on length of skirts and condemning dance bands they would be better to set free and work on their mental health recovery.

To know about our hidden flaws, it is necessary to be familiar with point of view of our enemies about us. Friends usually praises us as we like. Firstly,

they don't see our flaws as flaws or they don't express them for the sake of our respect and happiness. Friends usually overlook our flaws. Contrarily, our enemy try hard to find our flaws and he further exaggerate them, but there is truth in them to some extent. Friends always highlights the virtues of his friend; whereas, enemy, vices. Therefore, we should be grateful to our enemy as highlights our flaws and in this context, enemy is better than friend.
