

"Paragraph writing" _____ Date: _____

Topic: Negative Impact of Social media on youth

Topic : Among numerous negative
Sentence Impacts of social media on youth, one is depression.

Explanatory: Social media users spend their
Sentence time in isolation, ignore physical activities, build relationships that ~~are~~ later on prove to be depressing.

Supporting: As youth is more connected
point with people at social media, it is constantly in a process of meeting ^{their} expectations and making self comparisons. So, whenever, youth finds itself alien to the world of social media, it causes inferiority complex & worthlessness.

Example:

According to the contents of

Date: _____

Disease Control and Prevention, the number of suicides in females aged 15-24 increased 87% over the past 20 years. And among males aged 15-24 the number of suicides rose by 30% over the same time period.

Concluding: Social media ^{usage} ↓ has many ~~sentence~~ negative effects on youth one of them is depression which can lead to suicide attempt.
