

Academic Paragraph Structure:

Date: _____

Day: M T W T F S

Sub-heading: Negative effect of social-media on Youth.

Topic - There are multiple negative effects of social media, social isolation is one of them.

Explanatory OR Reasoning sentence The reason of social isolation due to social media is that youth avoided face-to-face interactions and prefer to link with society through social media platforms.

Supporting point In this ~~era~~ era of social-media people spend most of their time on social-media platforms that leads them towards social-isolation.

Date: _____

Day: M T W T F S

Evidence

Researchers have been found that about 3.3 billion people use social media. About 1 million people open a social media account every day. And spend ~~most~~ most of their time on these plat-forms instead of doing social-interactions with people.

Concluding Sentence

This shows that the social media usage has negativ effect on youth that cause social-isolation due to lack of social-interaction with the society.
