

little " Art of intellectual mind "

write this in suggested titles

Knowledge is more powerful than money

where is the main passage???

The man with wealth, but lack of education, used his power for devil purposes rather than intellectual instruction, who trained his mind for learning and reject worldly desires. He is like a king for man of God. Carlyle, said "a powerful words are more impactful than money."

Original lines = 13  
mine = 5

1st line makes no sense and basic grammar is incorrect  
seems like you dont even know the basic format or rules of precise  
words are written no lines  
1st sentence is too long  
not satisfactory  
read the basic rules again  
and there is no reference of the main passage !!!
