## Rising Terrorism in the Interim Government:

Besides the confrontation of paralyzed economic factors ~~and~~ indicators, interim government and security forces are ~~not~~ engulfed by ~~that~~ rising terrorism.

Its key reason is ~~that~~ Afghan government ~~is~~ grant asylum to banned terrorist groups. These groups have been crossing Pak-Afghan border and ~~have~~ been spreading terrorism in Pakistan since Taliban assumed powers. Recently, Counter Terrorism Department (CTD) killed a dozen of terrorists from various terrorist

groups. ~~KP~~ (Khyber Pakhtunkhwa), northern Balochistan and Chitral are a hot bed of militancy.

CTD claimed that they have killed five Tehreek Taliban Pakistan (TTP) militants <sup>in duetla</sup>. Hence, apart

from being the crippled economic indicators, caretaker government is in trouble ~~due~~ due to increasing terrorism.
