Subheading: Negative Effects of Social Media on Youth.

Keep writing!

Topic Sentence: There are numerous effects of social media on youths, chief among which is laziness.

Explanatory Sentence: Social media ^{sp} has created a group of slactivists instead of activists, a group who ^{which} thinks clicking the 'like' button on facebook, digitally signing an online petition ^{or} retweeting something on it (twitter) ^{is} somehow making ^{es} a huge difference.

Supporting Sentence

→ People convince themselves that a cyber-comment they make is somehow actually affecting the world. They do not realise though that all they are doing is following a ~~lazy crowd~~ ^{personal} crowd that is forever expanding through ~~our~~ excessive use of social media.

Example:

avoid using pronouns

Concluding Sentence

→ "Konny 2012" is an example which became a viral sensation because of its message "stop Konny". Hence, the usage of social media is creating the youth more lazy than ever.
