Nuclear Challenge to World Peace During the 21stC.

avoid using personal pronouns

Topic Sentence

Nuclear weapons are still the greatest threat to world peace and the challenge posed by nuclear weapons to world peace during 21st century is a complex issue that demands our attention.

Explanatory or Reasoning Sentence

Throughout the 21st century, the proliferation of nuclear weapons, coupled with evolving geopolitical tensions, has heightened the risk of conflicts and raised concerns about the potential catastrophic consequences of nuclear warfare.

Supporting point

The emergence of non-state actors and the possibility of nuclear terrorism in the 21st century present a unique and pressing challenge to global peace as these groups may seek to acquire or use nuclear weapons, disrupting international stability.

Evidence:

In the report titled "Worldwide Threat Assessment of U.S. Intelligence Community" Published in Feb 2019, the U.S. Director of National Intelligence, Daniel Coats, highlighted the 21st Century Challenges to World peace, particularly the Persistent nuclear threats. The report pointed out that multiple state actors were modernizing their nuclear arsenals, and the potential for miscalculation and conflict escalation remained High.

Concluding Sentence.

However, the nuclear challenge in 21st century demands concentrated international efforts to prevent the devastating consequences of nuclear conflict and safeguard global peace.
