

# ~~Masha~~ Causes of inflation

Inflation is a world wide issue but in Pakistan it has become a disaster. Inflation rate in Pakistan has been

increasing day by day. According to the report, inflation rate in July 2023 was 28.3%. There are so many

causes behind inflation in Pakistan. <sup>1st para ends here?</sup> firstly, shortage of households goods in market which cause <sup>increase in</sup> the price of things high.

<sup>second,</sup> ~~shortage of goods due~~ high costs of production is too much high.

one more reason is devaluation of currency and high rate of dollar.
