## Youth bulge in Pakistan: an asset or a liability?

Attempt Again

### OUTLINE

only after developing a strong reading basis of the topic

This is argumentative topic, thesis st must convey your strong leaning towards one side of argument which can be either not both

#### 1- Introduction

Thesis statement:

~~Youth bulge in Pakistan can be both: an asset and a liability.~~ But youth bulge could be a demographic bonus if it is developed properly. Therefore, providing opportunities to them can be use as a tremendous asset for Pakistan.

#### 2- How youth bulge can be an asset <sup>or</sup> a liability for Pakistan.

#### 3- Youth bulge: An Asset for Pakistan (Thesis)

- A) Engage in various forms of political activism
- B) Play a critical role in promoting democratic values

economic aspect?

C) Challenge traditional power structure

D) Agents of change in a society

E) A driving force in decision-making processes.

#### 4- Youth bulge: A liability for Pakistan (Antithesis)

do not just negate the thesis points in antithesis but discuss the other side of the picture

A) Lack of political participation → clarify

B) Less engagement in political awareness

C) Poor access to education may hinders governance transformation. → relate to youth

D) Lack of opportunities can result in frustration and disillusionment

E) Exacerbate inequalities due to a competition over resources → relate to youth

5- Youth bulge can be a tremendous asset if provided with possible opportunities (synthesis)

- A) Outdated youth affairs policies
- B) Incapability to formulate a strategy
- C) Low budget allocation for education
- D) Unjust distribution of Resources
- E) Absence of employment opportunities

6- Conclusion

all these are causes of youth as a liability
