Sub Heading: How intellectual ability is neglected in our education?

Topic Sentence

One among many reasons of neglecting intellectual ability is the lack of critical thinking in our education system.

Reasoning Sentence

Our education system is designed to reward rote learning, therefore students don't bother to come up with logical, analytical and well thought syntheses.

evaluation

The obsolete academic curricular construct and pedagogical practices suffocate reason and critical discourse.

Supporting Point

As students would not develop analytical any analytical skill through this discourse? so they lag far behind in innovation, creativity and scientific discourse.

Example

relevance to education?

There is no doubt that creativity is the most important human resource of all. With creativity, there would be no progress, and we would be forever repeating the same patterns.

(Edward De Bono)

Concluding Sentence

Since critical thinking and dissent are hardly encouraged in Pakistan's academic and public discourse, Society keeps on wrestling with socio-economic backwardness, intellectual stagnation and chronic elite capture.
