Thoughtless Activity Can be a Menace

The writer believes that it must be the devil who encourages people to ~~be~~ always ~~be~~ up and ~~busy~~ doing. The world is in chaos because of such people who are always doing something without giving their actions serious thought. The history is full of events that highlight the fact that the world wouldn't have suffered had the statesmen taken a break from their misdirected activities. Even

sentence is too long and is unnecessarily explaining

now, if certain European leaders and religious scholars shun their useless activities and take a day off, we would benefit more from it.

The Benefits of Teacher-Student Bonding

Modern educationists, ^A ~~wrongly~~ argue that children should not be actively engaged, when in fact the educationist could enjoy in the company of children. In fact, children respond positively even to the restrictions imposed by their elders if they sense good intentions and love. Conversely, they never cooperate if they sense a covert ~~ill~~ intention behind the interaction. The only acceptable way is having unconditional attachment with the children. Educationists with such qualities tend to enjoy ~~children's~~ company without creating any mental harm. When dealing with naughty children, it is best not to devise limits in advance. In such cases, it is best to follow impulsive reactions.
