### Revival of Civilization

Decomposition of a civilization does not mean the rise of a new civilization. Efficient people are utilized that they can replace us and become our spiritual leaders in future. They are already playing their roles in civilization and all getting affected by forces of barbarism ~~forces~~. They ~~only~~ can recover only by our recovery. Ethics are essential elements of civilization because they work on our beliefs and judgements to mark reality. Only ethical force can change immobility into its revival. The view exists that revival of civilization is not possible with experience of crowd instead with individual personality or character only ethical movements
