Translation.

Every era brings ~~itself~~ *along* such circumstances that no one likes, but ~~one~~ ~~must~~ have to accept it. *us* occasionaly nature wants to test ~~ourself~~ perhaps, brings many things ~~to us~~ that are irrelevent rather have *no thing* to do with us. *same is happening even today* *also* the similar. Every *century* ~~country~~ have been bringing the changes ~~that~~ *were* new *that were new as compared to previous centuries* previous ones. The development of natural sciences and arts hav**g** given number of things that ca~~n~~ be pronounce**d** as waste for the economic and scientific knowledg, *process* Nature gives us fruit and makes us responsible to ~~settel~~ *dispose off the peel* down the peels of properly. If it is not done, the environment gets polluted.
