ENGLISH (PRECIS, COMPOSITION)

Q.2: PRECIS

Democracy is the most popular form of government. An effective democracy relies on evidence. However, there several threats to democratic integrity followed by misinformation, conventional propaganda, AI-generated deepfakes. Anti-democratic agents also attack the electoral process directly or indirectly by given false informations during elections. This impacts badly on voters. Several mechanism are used for protection of public against misinformation. But before applying mechanism we have recognition of problem, acceptance information and mainly insurance of democratic principles.

Preci title Democracy: Threats
and Solutions
OR Threats to Democratic
Integrity.
