

Q: 3

Answer 1- Introduction

"CPEC is a core of economic prosperity of Asia."

(Xi-Jinping)

CPEC Phase-II demonstrates China-Pakistan's commitment. It has a wide scope with respect to several dynamics, including corridor of information, job creation, innovation, green energy, and inclusive regional development. However, it also demonstrates CPEC's strategic diversification. Thereby, CPEC Phase II has connect Pak-China collaborative motivates.

2- China Pakistan Economic Corridor:  
An Overview

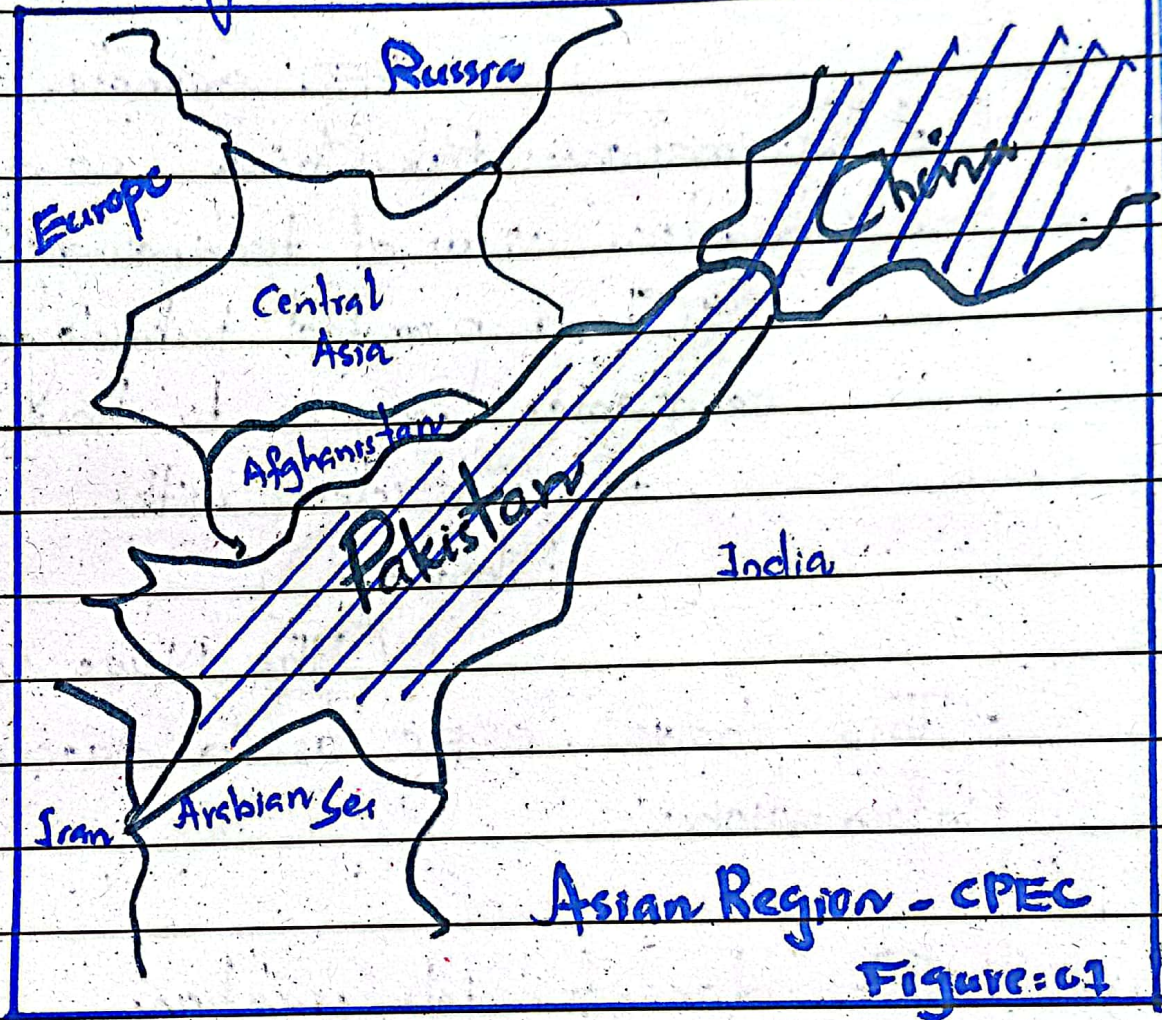

"CPEC gets origin in 2013  
and

step into process in 2015."

(The Economist, 2020)

CPEC initiated by Pak-China co-operation. It promotes prosperity to Asian region.

This highlights CPEC as driver of Pak-China co-operation.

3- CPEC Phase II: Prosperous Future of development

Following are its

evidence:

### a) Corridor of information through CPEC

CPEC promotes center of information. Pak-China co-operates on modern view of technology.

"China promoted technological companies in 2023 to share technical ideas with Pakistan."

(The News, 2023)

This shows CPEC as a door of information.

### b) Corridor of job creation

Secondly, CPEC is also a door to job opportunities. In fact, CPEC through industrialization increases job opportunities.

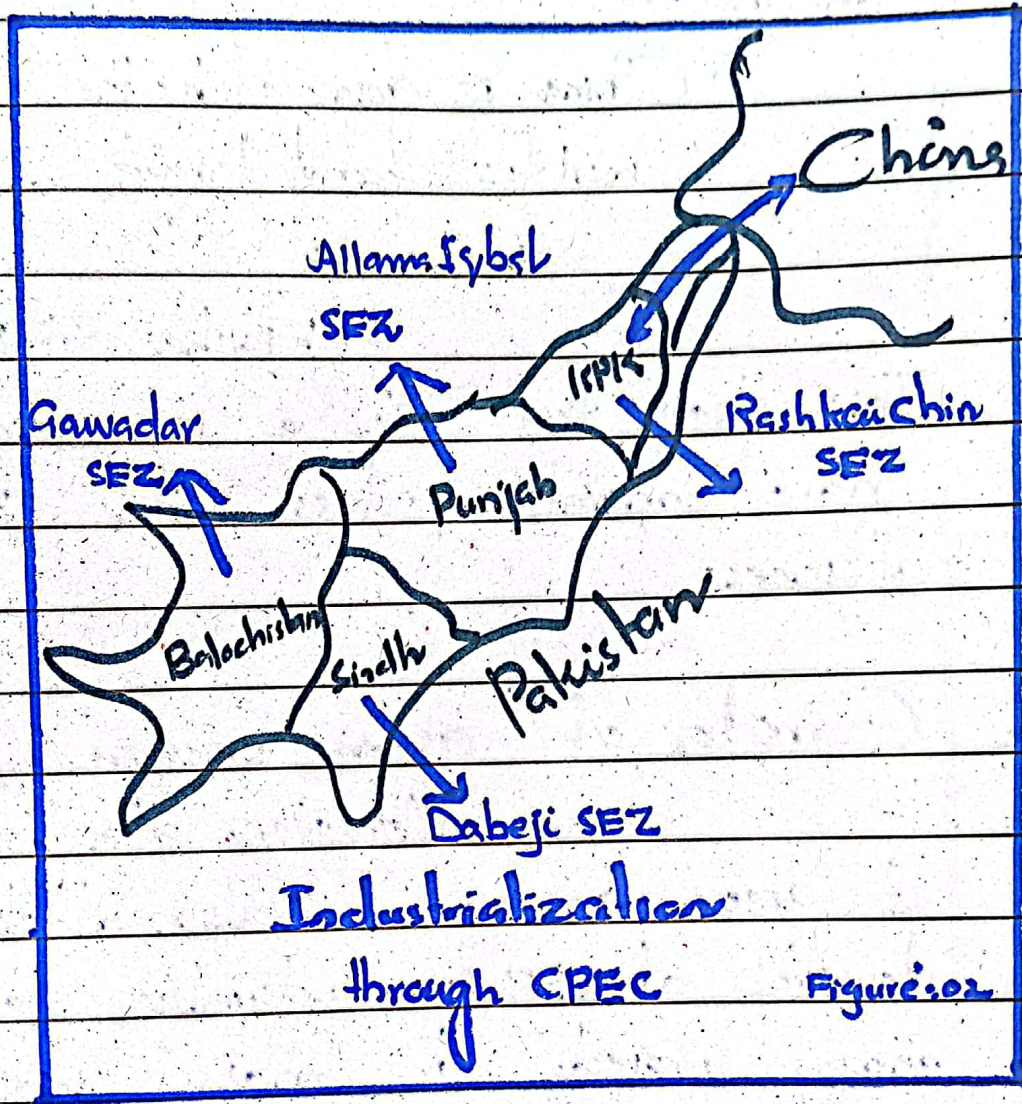

"CPEC Phase II, industrialization generates output triple

from 25,000 to 75,000

products.

(China Bureau of Statistics)

Thereby, CPEC creates several job opportunities.

### c) Corridor of innovation via CPEC

CPEC is a big core of innovation. Modern innovation can be shared via China's assistance.

"China is going to be the world's second largest innovator."

(Fischer, S.P, Moodys)

This shows that China is going to share innovation ideas with CPEC-alliances.

### d) Corridor of green energy

Moreover, corridor of green energy is also at the doorstep of CPEC. Undoubtedly, clean energy projects are main initiatives of CPEC.

"China is the world's biggest energy buyer."

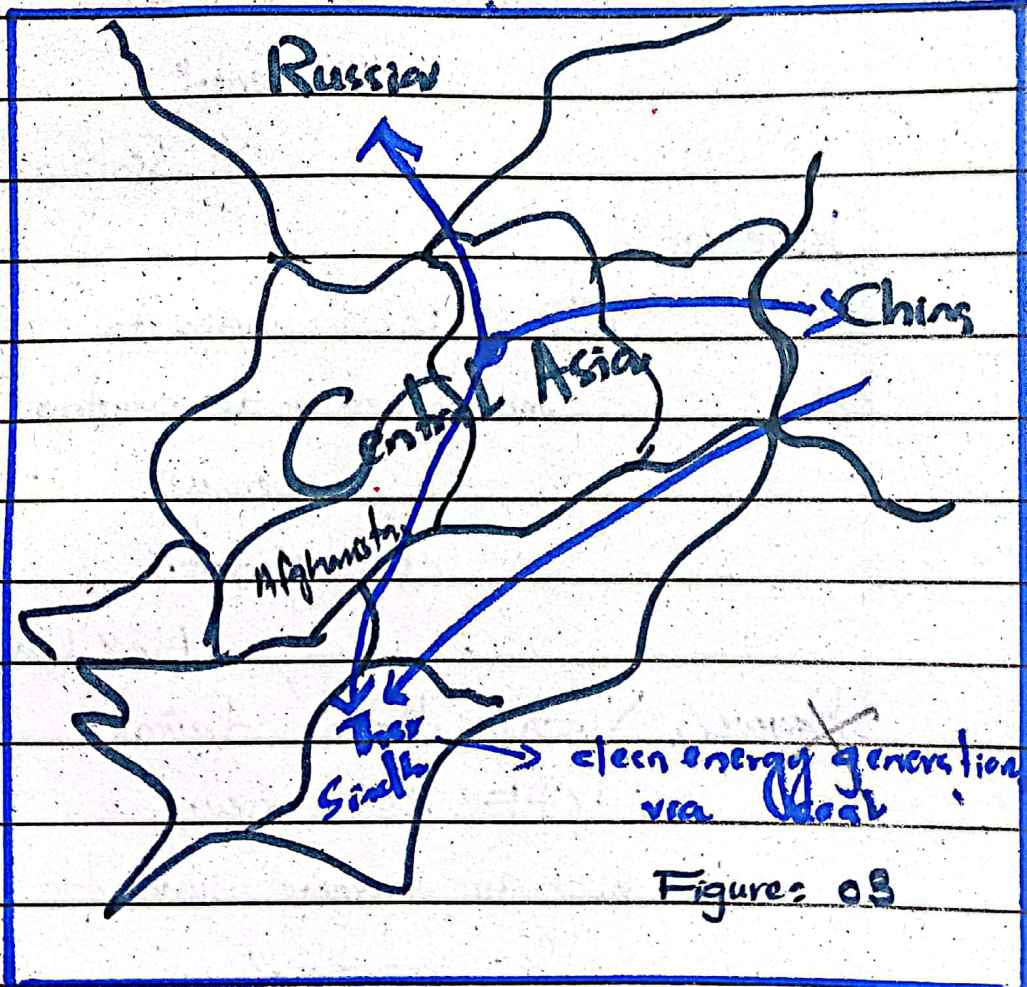

(The Economist)

This shows that China will connect Asia for clean energy co-operation.

"Thar-coal projects in Sindh, Pakistan is a clean energy project."

(Pakistan Bureau of Statistics, 2022)

This shows that CPEC provides green energy.

## e) Inclusive Regional development through CPEC

CPEC promotes inclusive regional development. In fact, China wants collaboration in the region.

"CPEC is a golden chance for regional development."

(Xi-Jinping)

Moreover,

"CPEC is a chance to connect regional countries for prosperous development."

(Alex Wales)

However, Vladimir Putin claims:

"CPEC is a new way to promote sustainable growth."

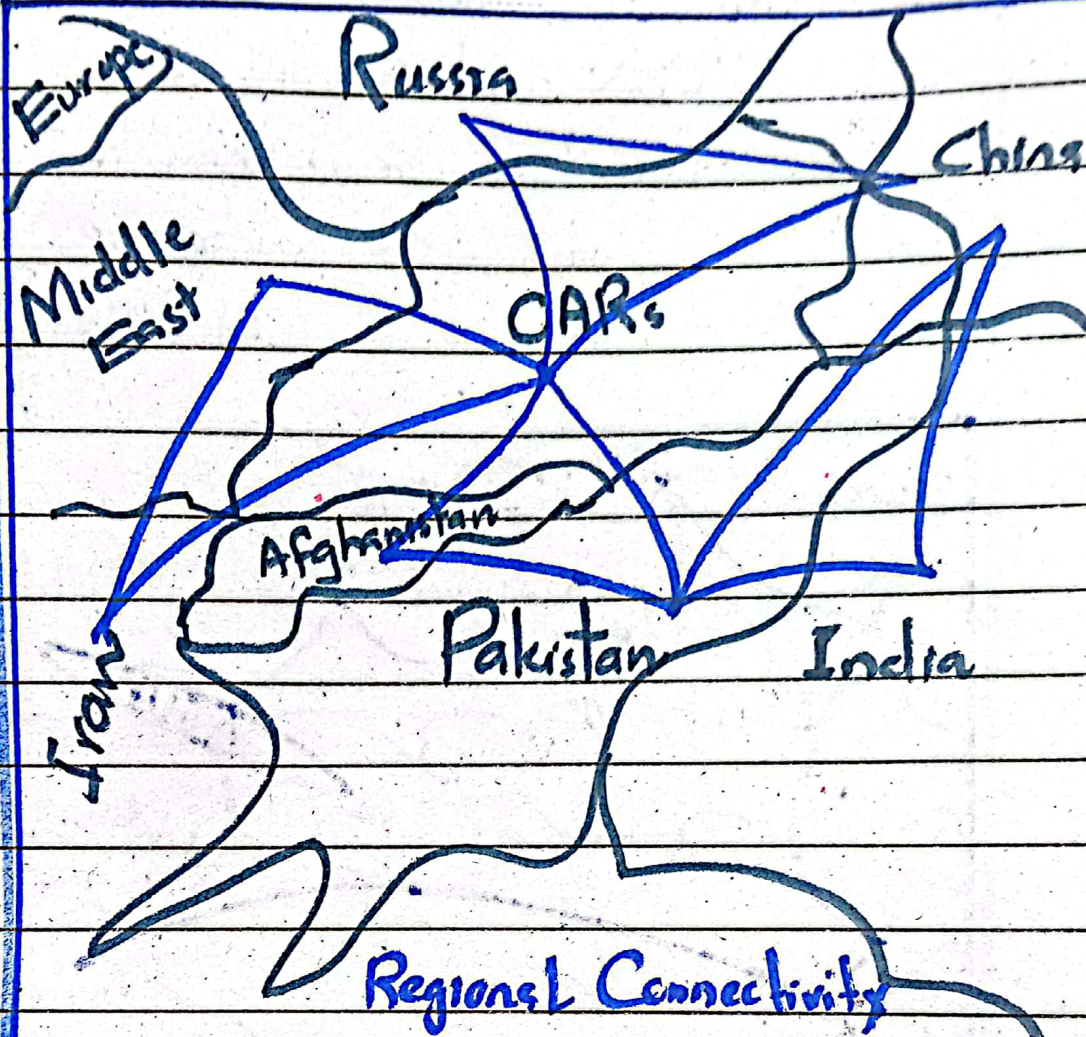

Figure: 04

Thereby, CPEC can promote regional development.

#### 4- Strategic diversification through CPEC

Undeniably, CPEC is a way to ensure strategic diversification. It is due to political,

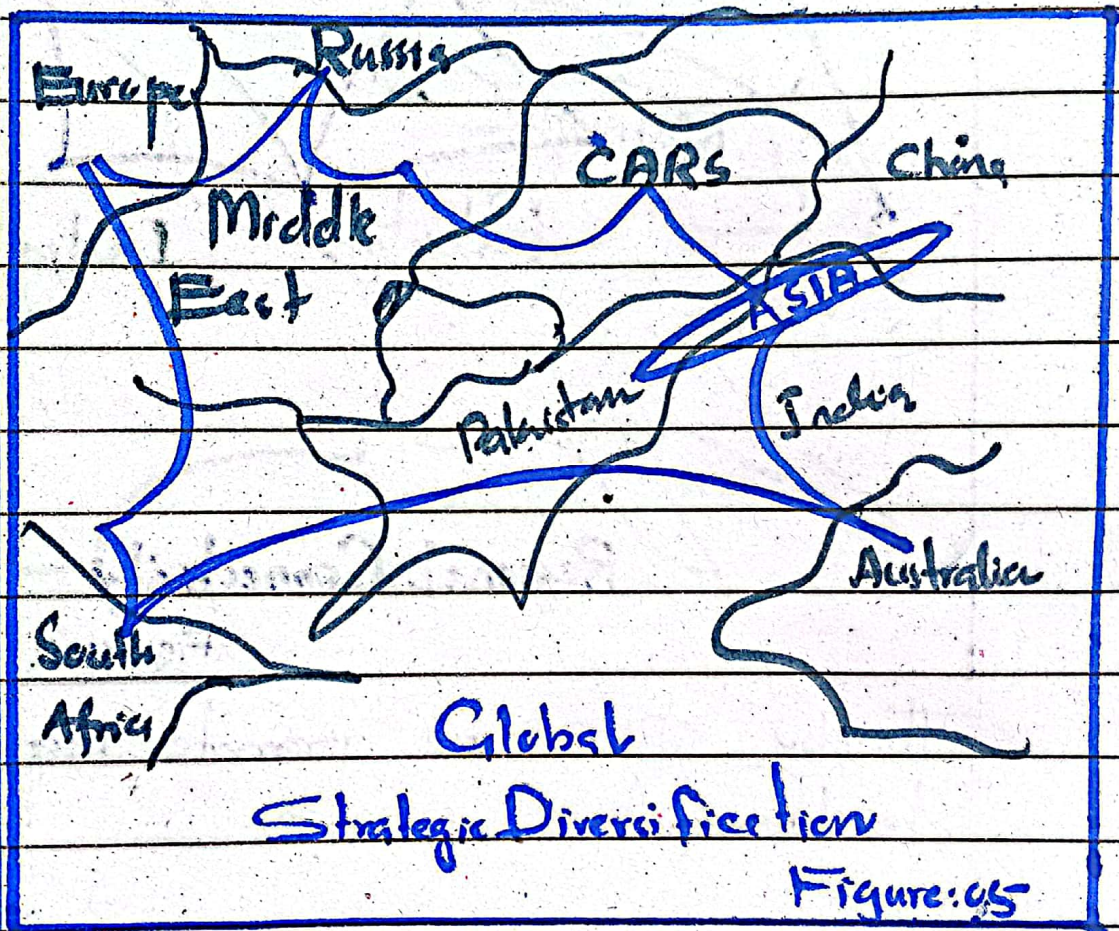

economic, and social demand:

"CPEC and BRI has  
accessed to more than half  
of world countries."

(Alex Wales)

This indicates strategic overflow  
of CPEC - Phase II.

4  
5-

## Conclusion

"Undeniably, CPEC is rapidly progressing under collaborative vision of regional countries."

(Xi-Jinping)

CPEC Phase II highlights Pak-China collaboration on various perspectives. Among them, corridor of information, job creation, innovation, green energy, and regional developments are top-listed. Thus, CPEC Phase II has diversified its strategic connectivity for sustainable development.
