do not have equal right as men in 1980s Second conference which shows domestic violence, illiteracy, health facilities issue. 1990 "Millium Gender Development act form" to gives equal right on every genders." But its not give equal rights. it build a criticism on it because it do not show the equality on economically". There are different Sme theories which shows different prospective.

3- Theories of GAD

There are different theories on Gender and Development. The "Katharine Maximize" in his

book "The material culture of Gender" shows the concern that are there behind the subordination of women. The man enjoy equal rights and economy while women are living in disparity. The report shows 75% women living in poverty, while 57% women in Africa are HIV positive. After that in 1995 the term Gender was used mispronounce. NGOs and non-government institutes used this term as a women, when they talk on inequality with women.

" There is no equality in man and women its collaboration between them "
