

BRICS and PAKISTAN: Prospects of Recovery

Outline:

1- Introduction

2. Understanding the term BRICS and its objectives

3- Understanding economic significance of BRICS.

4- What are the factors that influence BRICS to accept Pakistan as a group member?

- China endeavours to wipeout democracy.

- BRICS is making colonies

- BRICS needs to expand their membership to BRIC as a transit currency worldwide.

5. What prospects of recovery would Pakistan gain after joining BRICS?

- To reduce debt burden

- To enhance trade opportunities

- To increase foreign direct investment (FDI)

- To alleviate US influence

- To enhance agriculture sector

- To advance technological sector

- To establish educational and research partnership

- To promote tourism

- To strong geopolitical alliance

6. On what grounds do critics believe Pak would not gain after joining BRICS?

1. Counter Arguments: India is the ^{one of} biggest investor in BRICS - deny Pakistan to add as a group member in BRICS.

- Refutation: China counters India and supports Pakistan.

- Evidence: China has veto power in UNSC, which prevents India's trade

entry into world and health organization.
2. Counter Argument: Pakistan is considered as terrorist state, therefore relying on BRICS would not be good option for Pakistan.

- Reputation: Pakistan successfully countered terrorism with collaboration of International Organisation.

• Evidence: Pakistan is member of SAARC, SCO etc improving country's regional and international security and counter terrorism.

Critical Analysis

(iii) Conclusion.
