

Globalization and Human Rights: Progress and Setbacks.

I Outline

1- Introduction

1.1 Hook

1.2 General Statement

1.3 Thesis Statement:

Globalization has both advanced and hindered human rights progress, as while it has increased interconnectedness and awareness of human rights issues, it has also facilitated exploitation and inequality, highlighting the need for stronger international cooperation and regulation to protect and promote human rights in the globalized world.

~~2. Main Body~~
