

A lot of people get the chance to cast their votes in the general election- however Democratic integrity was targeted by missformation, as it relies on facts and civilized citizens. Misinformation is warranted in elections to shape people's false opinion about the electoral process. Anti democratic agents use these ways such as unsustainable Claims about candidates, using technology and target electoral processes. There are numerous ways to stop spreading misinformation but their use requires people's acceptance that given information is right or not.
