ENGLISH PRECIS AND COMPOSITION CSS 2024

Translation :

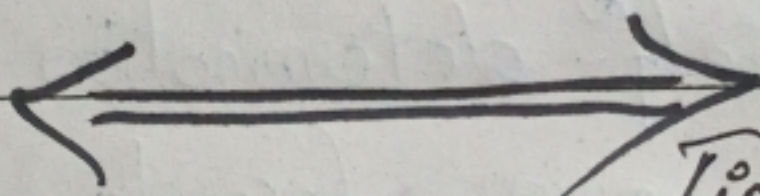

When the self-made conflict of Palestine was brought before the United Nations for resolution, this representative global body not only recognize the right of the Palestinian people to self-determination but also devised its own formula for resolving the issues. The two-state solution for the Palestinian conflict was proposed, but the UN resolutions approved for this have not been implemented over the past seven decades. In contrast, at the behest of the United States, Israeli forces continue to play a deadly game with the blood of defenseless and innocent Palestinians, and the Gaza area has been completely devastated in the ongoing war that has lasted for the past two and
