From the moment we are born, we cannot live alone; we stand in continual need of assistance of all around us, for body and soul and spirit; we need clothes which other men make; houses, which other men build, food, which other men produce; we have to get our livelihood by working for others, while others get their livelihood in return by working for us. As children we need our parents to be our comforters, and to take care of others: we cannot exist a day without our fellowmen; we require teachers to educate us: books and masters to teach our trade; and when we have learned it and settled ourselves in life, we require laws made by other men who died hundreds of years before we were born, to secure to us our rights and properties, to secure to our comforts in our station; and we need friends to comfort us in sorrow and to share our joy.

1- پیرا گراف:

علم کسی چیز کی سمجھ اور آگاہی ہے۔ اس سے مراد زندگی میں سیکھنے اور تجربات کے ذریعے حاصل کی گئی معلومات، حقائق، مہارت اور حکمت ہے۔ علم ایک بہت وسیع تصور ہے اور اس کی کوئی انتہا نہیں ہے۔ علم کے حصول میں علمی عمل (معلومات کو کام میں لانے کا عمل)، ابلاغ، ادراک اور منطق شامل ہیں۔ سچائی کو پہچاننا اور قبول کرنا بھی انسانی صلاحیت ہے۔ علم کو مثبت اور منفی مقاصد کے لیے استعمال کیا جاسکتا ہے۔ اس طرح علم ایک ہی وقت میں تخلیق اور تباہ کر سکتا ہے۔ علم کو ذاتی ترقی کے ساتھ ساتھ برادری، شہر، ریاست اور قوم کی ترقی کے لیے بھی استعمال کیا جاسکتا ہے

2- پیرا گراف:

خدا میں ایسی ویسی کوئی چیز موجود نہیں ہے،، سیاہ آدمی نے کہا،، خدا محبت ہے اور محبت خدا ہے۔ محبت وہ نہیں جیسے تم محبت کہتے ہو۔ میں نے اپنی ساری زندگی انسانیت کی خدمت میں گزار دی کیونکہ میری خواہش ہے کہ انسانوں اور خدا کے درمیان جو تعلق ختم ہو گیا ہے وہ پھر سے بحال ہو جائے۔ اگر تمہیں انسانوں سے محبت نہیں تو خدا سے محبت نہیں۔ محبت کرنے کے ذریعے ایک دوسرے کی خدمت کرو۔

Understanding and awareness of something is knowledge. It means information, facts, skills, and wisdom gained through learning and experiences of life. Knowledge is a broad EV concept and it has not limits. Seeking knowledge includes practical knowledge (process of taking action through information), spreading message, understanding, and logic. It is also human capability to recognize and accept the truth. Knowledge can be used to obtain positive and negative purposes. In this way, knowledge can ^{create and} destroy at the same time. Knowledge can be used for development of the cast, city, state, and nation along with personal development.

The black man said that there is no such thing present in God, God is love and love is God. It is not that love which you call love. I have spent all my life to serve humanity because it is my desire that the relation, between humans and God which has disconnected between humans and God, gets stable again. If you do not love humans then you do not love God. Serve each other by means of love.
