book When China Rules ascribes that he saw drills near Tiwan, read about weapon transformation in Middle East from Ush Mso, Martin described 1 had he watched on the T.V., the most developing nations in South Asia Duying advanced jets. At the end of the book, Martin urged the behind everything, there is military competition has been harming the peace of the world. The same is the story with the current world order. The military competition between nations have been impacting the international relations military competitions have resulted the formation of alliance, spread Otunpest, promoted nuclear race and caused war. Also, the military competitions have harmed economic ties, promoted sanctions, established profiles and increased nuclear war hisky. Moreover, the military compartions have neduced people to people interactions and threaten pouce in the world Therefore, military competition have only promoted chaos hother than peace in the world. keeping

To begin with overview of the military competition has its roots in world war 1 and 2 the nations focused on military world war 1 and 2 the nations focused on military superiority. Moreover, the start of cold war in 1949-1991 gave new nope to the military competitions among nations. Later, the military competitions among nation have entered in current era. Thus, military competition among nation is the provision of wars.
