book "The material culture of Gender" Shows the concern that are seen behind the subordination of women. The men enjoy equal rights and economy while women are living in disparity. The report shows 75% women living in poverty, while 57% women in Africa are HIV Positive. After that in 1995 the term Gender was used mispronounced. NGOs and non-government institutes used this term as a women when they talk on inequality with women.

" There is no equality in man and women its Collaboration between Them "

ll

4.1 - Women in Development (G.D)

The first conference held in Mexico^{ind} which women fought for suffrage and got the right of vote and participate in politics. These faced inequality. Women do not have right to vote. They live inferior to man.

4.2 Women and Development (G.A.D)

These are three waves of feminism in which women fought for their rights. First held Mexico 1975 in which women fight for vote and participation in election. In second wave which held^{ce} Nairobi⁹⁰ in 1980 in which women fighting for inequality in education, health, domestic violence it was

influencing the UN to make policies for women right. in third wave which was held in Berlin in 1985 which showed inequality with women in economy. Foster in his book inequality in economic women faced deprivation in economic as compared to men increase women economy will help them in productive life style. Decrease subordination and voice on them.

Attempt in more detail by giving subheadings

Gender and Development

it was showing the inequality. But not told the reason behind them. it was showing development of women and capitalism. and also difference between patriarchy and capitalism. How patriarchy though rises inequality.

14.1) The Effective approach.

Policies are build to rises gender equality. The continuous crises urges UN and World bank to makes policies for Gender equality. which factors are responsible and makes them difference between both sex. They ^{were} not contributed the right on the basis of biological sex. But on productivity leads. They were collaborating man and women on annual conference to give rights equally.

14.2) Mainstreaming in Gender

it was found the issues and found their situation. it was world conference that was held in China 1995. which shows negative thoughts towards feminism.
