Int "Essay"

Do not write in abbreviation plz

Brain drain is migration of talented, & skillfull and educated people out of country for better job or lifestyle. It is not the Problem of third world countries, but the problem of developing and third world countries. Pakistan is one of them. Every year many doctors, engineers, Teachers and persons from other fields are migrating out of country. This is due to

Individuals

Political insecurity, Economic crisis, - jobs
security issues & for better salary:
and lifestyle. Brain drain ~~leads to~~
~~decrease in~~ expertises in every ^{Causes} field
and decline in research & skill-
full studies.
