

## Human servility to materialism

Indent the paragraph. Please include the original passage in the pdf.

The writer believes that scientists focus only on physical abilities of humans. Darwin presented his theory of Evolution, unimpaired of the power of the mind. On the other hand, Psychologists focus only on human mind. No attempt has been made to balance between the two. This leads to a society, which links human being life only to materialism. The materialistic society deprives man of love and sympathy towards fellow human beings. The materialistic mindset pushed humanity into destructive world wars. The scientist, driven by his materialistic self, is working for his country to harm human beings residing in other countries. The writer questions the role of different players guiding human society. It raises question about human
