

2019 ~~precis~~ "How to Teach"

- Modern educational theorists ^{rewrite this sentence with a clear meaning this sentence makes no sense} wrongfully give ^{most} importance to negligence and less towards involvement with children. With enough attention, ~~they~~ ^{children} will listen to ~~you~~ ^{teachers} willingly. It is meaningless to nurture them for personal gains; rather basis should be pure joy in their presence. Teachers like this will not cause psychological harm when ~~teaching~~ ^{teaching} children. However, overworked people can not develop this quality; therefore, two hours is enough time for teaching ~~education~~ ^{their} where remaining hours are not spent with children.

Under disciplined children distress the teacher; however, meaningless rules to control them must be avoided as correct course of action is decided on the spot. Lastly, love and consideration can not be replaced with rules. (113 words)
