	Artifical intelligence and Governance: navigating the future of policy and regulation.	
7	Outline:	
1.	Introduction:	
	Thesis statement: Artifical intelligence plays	_
	profound roles in governance. It boosts education	(
	System to get access to knowledge, user in defense	
	sector, assists humans to avoid wisks so on	
	and so forth porcover, future policies should be	
	made so as to regulate the negative asage of	Al.
2.	made so as to regulate the negative asage of Artifical intelligence and Governance: 2.1 Usage of artifical intelligence in education sector	Al.
2.	made so as to regulate the regative asage of Artifical intelligence and Governance: 2.1 usuge of artifical intelligence in education sector	Al.
2.	made so as to regulate the regative asage of Artifical intelligence and Governance: 2.1 usage of artifical intelligence in education sector A case Shuly of ChatGPT	Al.
2.	made so as to regulate the regative asage of Artifical intelligence and Governance: 2.1 usuge of artifical intelligence in education sector A case Shudy of ChatGPT	Al.
2.	made so as to regulate the regative asagin of Artifical intelligence and Governance: 2.1 Usage of artifical intelligence in education sector A case Shudy of Chatapt 2.2 Artifical intelligence is being used in defense sector	Al.
2.	made so as to regulate the negative asagin of Artifical intelligence and Governance: 2.1 Usuge of artifical intelligence in education sector A case Shudy of Chatapt 2.2 Artifical intelligence is being used in defense sector Reuters Report 2024 Israali Artificae	Al.
2.	made so as to regulate the negative asage of Artifical intelligence and Governance. 2.1 Usage of artifical intelligence in education sector A case Shudy of ChatGPT 2.2 Artifical intelligence is bring used in defense sector Reuters Report 2024 Isreal Artifice utilised Al in Gazo	Al.
2.	made so as to regulate the negative asagin of Artifical intelligence and Governance: 2.1 Usuge of artifical intelligence in education sector A case Shudy of Chatapt 2.2 Artifical intelligence is being used in defense sector Reuters Report 2024 Israali Artificae	Al.

	Date:
	2.4 Al is being used socially
	to assist disable persons
	2.5 Usage in the Industrial
	sector
	2.6 Used in the space missions
	A case study of NASA
	2.7 Usage of Al in the
	infrustructure buildings
	Elden de de selle et Amout par il partir
3.	Navigating the future of policy and
	regulation:
	3.1 Utilization of Al for
	the benefits humans
	3.2 UNSC should pass hesoluction
	to ban Al usage in the
	military sector
	3.3 Nation States must sign treaty
	to contribute in Check and
	balance of Al Osage
	3.4 Al especially ChatGPT in
	the education should discouraged
	3.5 Countries should pass laws
	on the utilization of

MON TUE WED THS FRI SAT Date: /___/20. Al tobots must be used for social burposes

Using Al drones in wars must be considered. war crime under Charter Conclusion Topic understanding is not correct You have to navigate the policy instead of giving recommendations
