

5. Do not waste water even if you are at a running stream.

Do not write in First person I my
me we our us

Preserving water for our future generations is every one's moral and religious responsibility as otherwise we will have repercussions for water wastage. Ensuring the availability of clean water requires comprehensive approach involving multiple stakeholders of our society.

6. Both parents should assume equal responsibility in raising a child.

Role of both the parents is crucial in nurturing a child. Physical, emotional and social wellbeing of a child is dependent on both the parents as they can transform a little child into a responsible person and a charismatic leader that our world desperately needs.

7. To encourage healthy eating, higher taxes should be imposed on soft drinks and junk food.

Increasing taxes on soft drinks and unhealthy food promotes nutritious food eating habits and a healthy society. Along with that, we should take other imperative measures as well to revamp our public health.

1. Promoting tourism in Pakistan: Opportunities & Challenge

Development of tourism industry in Pakistan can play a pivotal role in our growth. It presents us with profound opportunities, if undertaken, can propel Pakistan on a path of prosperity. However, we are exposed to intricate challenges that hinder tourism in Pakistan.

2. Threat of global warming & ways to counter it.

Global warming is an imminent threat to the wellbeing of humans and is detrimental to the health of our planet. If concentrated global action is delayed any further, it can cause irreversible damages and make earth uninhabitable. We must take immediate steps to secure the future of our generations to come.
