Title: Urban Parks are The Source of Aesthetic View  
and Community Bond

title must not exceed 3 4 words

Urban parks are the source of peace, rest, and enjoyment. They provide haven for wild life and moderation between urbanization and environmentalism. They provide community bond, as the families, friends and individual gather here. They also serve as venues for cultural events, and as a friend for environment and human. There is also a big challenge to maintain balance between urbanization and environmentalism. To settle such challenges it is collective responsibility of all of us to maintain balance between urbanization and environmentalism.
