

PRECIS-2019. (CSS)

Indent the paragraph.

believes

The author believes that too much emphasis is put on not intervening in children's lives. However, they can be made to obly with decorum^{only} if dealt moderately. Vested interests in children provoke resentment. Teachers who engage with children without ulterior agendas can derive positive outcomes. Unfortunately, over-burdened teachers are compelled to do^{so} and fail. The community of children is tiring to be with. Teaching must be a limited activity to retain interest. Otherwise, it leads to irritation. There must be fixed regulations though, they can^{not} compensate for affection and sincerity.
