Causes and Consequences

⇒

~~Outline~~

Introduction

Thesis Statement: Zhiduan Deng in his article Elaborate that the brain drain has become a major problem for China's overseas Education, Especially after the incident of Tiananmen June 1989.

Brain drain is not a permanent issue nor is it fully settled one. whereas, underdeveloped countries are still struggling to solve this issue. Unfortunately Pakistan is one of them.

The main causes of Brain drain are unemployment, lack of jobs, lack of industries, corruption, lack of research ~~work~~ Labs, unavailability of fully funded

Scholarships for students, over-
population and terrorism. These
causes are not new in nature
but their intensity is far greater
in Pakistan. The consequences
of brain drain are loss
of skilled persons, loss of
Economy, loss of Engineers,
loss of scientists, loss
of doctors, and loss of workers.

These arguments are very generic
Add solid and research based
arguments
Brainstorm the topic before
attempting it
