Title: Ancient Practices to Communicate with God.
no need to mention the author in this precis

reduce the length of sentence

~~According to the author, the~~
The utmost desire of humans to unravel the future and shaping their own destinies urged them to find ways to communicate with the Deity. In Greece, the will of God was determined ^{by} oracles given by the soothsayers, palmistry and interpretation of dreams. They declared the oracles by understanding the variations in different phenomena of nature. There were numerous oracles in ~~Greece~~ Greece each of which was linked to different gods. The most paramount of these ~~was~~ ^{was} at Delphi and was operated with the help of Apollo, while the oldest ~~functioned~~ with Zeus. Beside oracles, people also communicated with God through his intermediaries.

Para's word count = 340 words.

Precis word count = 106 words.

don't change the placement of sentence

write with correspondence to the place of that specific point in the symmetry of the main passage

attend to pointed out issues

main idea is picked and discussed

over all content fine but sentences need improvement
