

Indent the paragraph.

# PRECIS-2023

Three different opinions are widespread concerning freedom in education. One focuses on complete liberty regardless of vice, the other centered upon strict surveillance even on tamed pupils. The last one advocates absolute independence but demands consistent righteousness. Freedom does guarantee perfection. The author criticizes the third school, labels it utopian. Communities need to be trained for co-existence. Education is a social process that develops mental abilities which cannot be naturally acquired.

Precis: (69 words)

original: [310 words]

1) Social Education - a moral necessity

2) Positive Purpose of Education.

Idea is ok. Please include the original passage in the pdf. Do not use informal words, such as can't, doesn't etc
