The role of a teacher & children's
mentality

Indent the paragraph.

Modern educational theorists are not too attached to the children and showed their interests to the children's company as much as they showed to their pets. The author ~~is~~ emphasized the nature of children that they will be listened to whom that is being kind to them without any purpose. Only these types of teachers have right to interfere in children's freedom without hurting their sentiments. But the over-worked teachers are unable to ^{attach} attached themselves with children ^{because} of tiredness. Author is criticized the youth society where strict disciplines are neglected and the frustration showed itself. However, there is no rules but wise and affected act can lead a child's W behaviour.
