The Relevance of Manto

Manto suffered from wrongly accepted social ideals of truth. Despite ~~of~~ being ^{labelled} as vulgar and of his literature being legally questioned for its moral appropriateness, he remained committed with his exploration of the silenced dimension of life. In Freudian style, he objectively explored mysteries of sex, while highlighting the depressed social sector, associated with prostitution. Manto explored the grey spectrum of life the most. Through his characters, he raised certain socio-moral issues. Being ^arealist, while known to the contrast of life, the duality of human behaviour enthralled him the most. He explored hidden dimension of vulgarity and due to his associative tendencies with the western writers, his work ^{stands} relative to the masses.
